Green Onion

- Also referred to as scallions, green onions are young onions whose bulb has not yet formed. Harvested at a point where the green stalk is freshest, these onions are prepared and chopped mostly along the 3-4" length above the root.
- Green onions add flavor to salad or soups. Also, a favorite in Mexican cuisine, diced green onions are enjoyable toppings on burritos, nachos and fajitas.
- Our green onions are available in a consumer-sized, re-sealable 5.5oz package, as well as in banded bunched 12s.
- Shipping from Salinas, California and Yuma, Arizona, these green onions are products of Mexico.
