# Iceberg Lettuce

- Iceberg lettuce got its name from the fact that California growers shipped it covered with heaps of crushed ice in the 1920's.
- Crisp, succulent, and wilt-resistant, it has a rather neutral, but pleasant, clean flavor.
- Iceberg lettuce leaves can be torn off the head, chopped into wedges, or shredded for salads, sandwiches, burgers, tacos and more!

- Good source of vitamin C, Folate, beta-carotene and calcium.
- Shipping seasonally from Salinas, CA and Yuma, AZ.
